The standard requires that:</p> <ul style="list-style-type: none"> • protrusions do not exceed 8mm; • the vertical distance between the guard rail and label indicating the maximum height of the mattress must be at least 160mm; and • the country of origin and the Australian distributor's name and address be permanently and indelibly marked. <p>HAZARDS</p> <p>There is a potential strangulation hazard if the child's clothes get caught on the upright corner post protrusions. The inaccurate label positioning may lead to an incorrect size mattress being used on the top bunk. As a result, a child can roll over the guard rail and suffer fall-related injuries.</p> | <p>Contact Le Cornu customer service on 08 292 3300 or e-mail customer service customerservice@lecornu.com.au to be sent replacement caps, a replacement maximum height label and a replacement country of origin and Australian distributor's name and address label, together with instructions.</p> <p>The top bunk should not be used without adult supervision until the replacement caps and maximum height label is affixed.</p> |
