USA	<p>NAME OF PRODUCT: Samsung top-load washing machines</p> <p>UNITS: About 2.8 million</p> <p>DESCRIPTION This recall involves 34 models of Samsung top-load washing machines. The washing machines have mid-controls or rear-controls. Model numbers and serial information can be found on two labels affixed to the back of the machine.</p> <p>IMPORTER Samsung Electronics America Inc., of Ridgefield Park, N.J.</p> <p>MANUFACTURED IN: South Korea, China and Thailand</p> 	<p>HAZARD: The washing machine top can unexpectedly detach from the washing machine chassis during use, posing a risk of injury from impact.</p> <p>INCIDENTS/INJURIES Samsung has received 733 reports of washing machines experiencing excessive vibration or the top detaching from the washing machine chassis. There are nine related reports of injuries, including a broken jaw, injured shoulder, and other impact or fall-related injuries.</p>	<p>Consumers should contact Samsung immediately to receive one of the following remedy options. Consumers can choose (1) a free in-home repair that includes reinforcement of the washer's top and a free one-year extension of the manufacturer's warranty; (2) a rebate to be applied towards the purchase of a new Samsung or other brand washing machine, along with free installation of the new unit and removal of old unit; or (3) a full refund for consumers who purchased their washing machine within the past 30 days of the recall announcement. All known consumers will also receive a Home Label Kit that includes a control panel guide and additional safety instructions in the mail. Until they have received and installed a Home Label Kit, consumers should only use the delicate or waterproof cycles when washing bedding, water-resistant and bulky items. The lower spin speed in the delicate or waterproof cycles lessens the risk of the washing machine top unexpectedly detaching from the washing machine chassis.</p>
