USA	<p>NAME OF PRODUCT: Drop-Side Cribs</p> <p>UNITS: About 170,000</p> <p>DISTRIBUTOR: C&T International/Sorelle, of East Rutherford, New Jersey. Before 2003, the company also distributed under the name Golden Baby Inc.</p> <p>DESCRIPTION: This recall involves C&T International, Sorelle and Golden Baby wood cribs. The full-size cribs were sold in natural, white and cherry finishes. The model number and/or model name is printed on a label affixed to the footboard or headboard under the Caution statement.</p> <p>MANUFACTURED IN: Italy, Latvia, Brazil, China and Vietnam</p>  <p style="text-align: right;"><i>(to be continued)</i></p>	<p>HAZARD: The cribs' drop-side hardware can disengage from the tracks, causing the drop side to detach from the crib. When the drop-side partially detaches, it creates space between the drop side and the crib mattress. The bodies of infants and toddlers can become entrapped in the space, which can lead to strangulation and/or suffocation. Complete detachment of the drop sides can lead to falls from the crib. In addition, slats can detach from the sides of the cribs. Infants and toddlers can then become entrapped, strangle or fall out of the crib.</p> <p>INCIDENTS/INJURIES: CPSC and C&T/Sorelle have received reports of 104 incidents of drop-side and slat detachments in C&T/Sorelle drop-side cribs. Six infants received bruises and abrasions to the head, face, torso or leg from becoming entrapped or falling after the drop side collapsed. An additional five infants who were entrapped or fell were found by their parents and were not injured.</p>	Voluntary recall
